

Operations Center Pager Services

**Alpha Gold
Alphanumeric**

For more information please contact:

mike_moriconi@harvard.edu

Alphanumeric paging allows text messages to be transmitted to the pager via Internet E-mail interfaces. Alphanumeric paging also allows a caller's telephone number to be transmitted to a pager via a local access telephone number specifically assigned to the pager.

Alpha Gold Features: \$18.00 per month

Standard Local Area Service: All of Eastern Massachusetts, extending from Worcester to Gloucester to Cape Cod and Martha's Vineyard. Portions of Southern Vermont, Southern New Hampshire, and Southern Maine. All of Rhode Island. All of Connecticut.
